- It will be evident to the user of this bibliographic service that some journals conform to the ideologies of the countries in which they are published. Abstracts mirror the views of the authors of the original articles, not of the abstracters nor of HISTORICAL ABSTRACTS.

- Abstracts are sometimes changed by the editors without consulting the abstracter. The editor assumes full responsibility for the contents of the abstracts.

SUBSCRIPTION RATES

Institutional subscription rates are based on the service rate principle and vary according to the annual budget for books, periodicals and binding. Special consideration is given to high school and two-year college libraries, public and foreign libraries and to individuals. Prospective institutional subscribers are requested to ask for a book fund form when writing for subscription information.

A subscription to HISTORICAL ABSTRACTS includes these two documentation services:

PERIODICALS INFORMATION SERVICE Free of Charge
Information on periodicals abstracted and on any queries (as on the authors of articles, sources used) which may arise from the abstracts.

REPRINTS At Cost

Reprints of abstracted articles from the publisher or, when these are unavailable, microfilms, microcopies, or copies of articles, when such services are authorized by the publishers of the periodicals. The cost is 10 cents per page, plus 25 cents handling fee per article requested. Please remit with order.

H. A. BULLETIN

The H. A. Bulletin contains Part I of HISTORICAL ABSTRACTS and the Bibliographical News. The complete annual index of HISTORICAL ABSTRACTS is included with each H. A. Bulletin subscription. Published biannually, March (No. 1/2) and December (No. 3/4).

INDEX TO PERIODICALS ABSTRACTED	245
LIST OF ABSTRACTERS	277

. . . indexing has many unusual amusements and much satisfaction for those who find it a congenial occupation, and there is the added pride of feeling that you have contributed an essential part to a work of knowledge or imagination, and have made it immeasurably more useful and easier to use.

Robert L. Collison
Indexing Books, p. 11

EDITOR'S NOTE

This is the third Five-Year Index to HISTORICAL ABSTRACTS. It indexes Volumes 11 through 15, 1965-69 and provides an index to articles appearing in serial publications published in all parts of the world.

Users will note several significant changes in format and style in this index: author, biographical, geographical and subject entries are merged into one index and the index is printed in graphic arts quality. The American Bibliographical Center proposes to retain this type of indexing for AMERICA: HISTORY AND LIFE as well as for HISTORICAL ABSTRACTS.

The first Five-Year Index to HISTORICAL ABSTRACTS (Volumes 1-5, 1955-1959) appeared with a merged list of subject, personal name, and geographical entries separated by volumes on each page. The second Five-Year Index (Volumes 6-10, 1960-1964) provided separate subject and personal name indexes listed in alphabetical order. It was the first multi-volume, computer-produced (on the IBM 1401) index in the field. This index, and the first Five-Year Index to AMERICA: HISTORY AND LIFE (Volumes 1-5, 1965-1969), were produced by the application of "System ABC" (Automation of Bibliography through Computerization) which has been under development by ABC-CLIO, Inc., for the past two years.

The American Bibliographical Center warmly acknowledges the assistance of the many people who have assisted in the publication of HISTORICAL ABSTRACTS. The contribution of our Advisory Board members, Area Editors, Area Abstracting Services and the support of the Collaborating Institutions has made the task of publishing HISTORICAL ABSTRACTS significantly easier over the years. The staff of the center owes a special debt of gratitude to the hundreds of abstracters whose names are listed in this index, in partial recognition of that debt. We also thank the contractors responsible for processing, printing, and binding this volume.

I wish to personally acknowledge the efforts of the ABC-CLIO, Inc., staff whose skill and determination have overcome the many problems associated with the publication of this volume. They worked long hours to bring the task to a successful completion.
